# ABOUT US

Our mission "We are on a mission to drive solar adoption by breaking barriers and offering value-added pricing."

SGL Solar The right solar systems for your energy needs SGL SOLAR is one of the yang solar company providing all range of customized, integrated solar solutions and products to the customers in all sectors. We are a well known source in renewable energy market starting from conception, feasibility, load auditing, designing and execution.

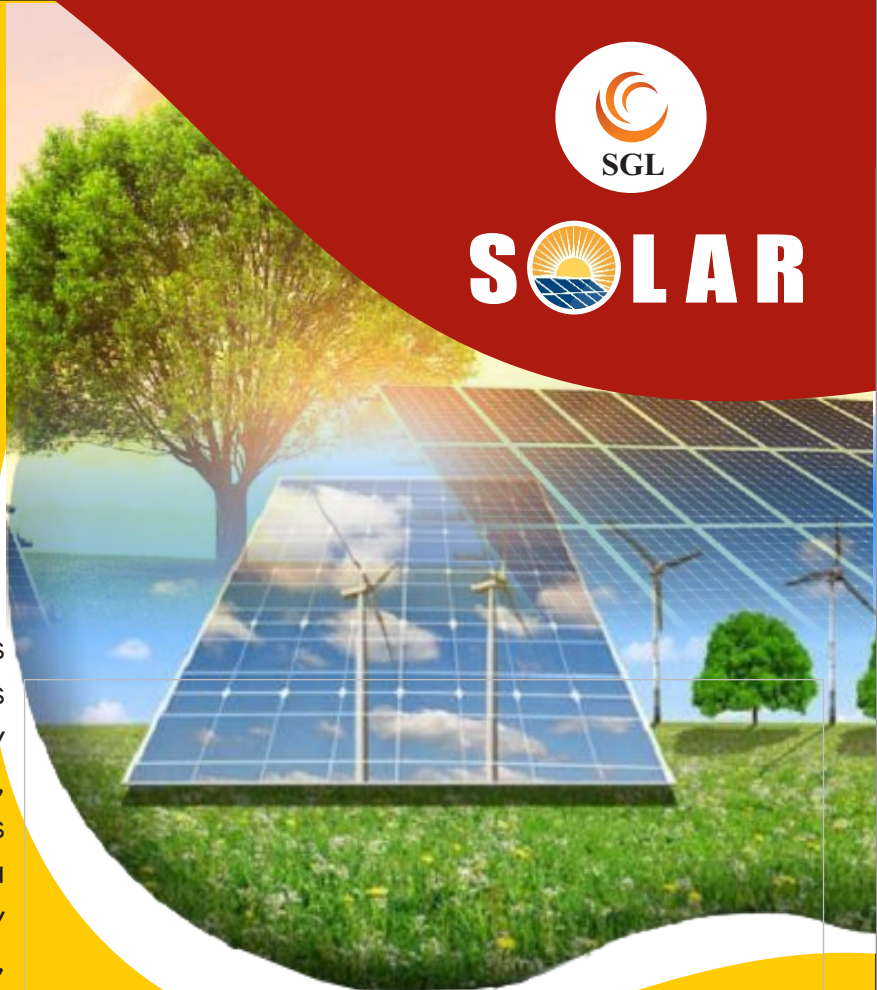

Technical knowledge, skill with quality products and commitments are the key factors leading us to enhance our customer database. Market knowledge, dedicated and well trained professional teams have given us the opportunity to operate as one of the best source in solar solutions for domestic, community, industrial, water pumping and street lights.

We at SGL SOLAR believe that solar energy is the most attractive source for generating power especially in our country. The public, at large, have realized that Solar Energy is the best proven and economically viable option in the long run. Key benefits of solar energy systems are as follows,

- Quick installation
- Reduction in electricity bill
- Uninterrupted supply
- Nominal maintenance
- Long operative life
- Low operational cost
- No additional wiring cost
- Low line losses
- No fuel cost
- Unattended operation
- Extensibility at any time
- Free from noise pollution
- Improved quality of life
- Environmental friendly

# Our Panel Technology

- A Grade Panels
- Origin and Made in China
- Global #1 Mono Solar Panel Manufacturer
- Ja Sola Maintains highest AAA ranking In PV Module Tech bankability ratings.  
USA-English. USA-English
- 25 years on linear power output Warranty
- 12 Years Manufacture Warranty

**Monocrystalline**

DESCRIPTION	MONOPERC
WATTAGE	500 Wp/560 Wp
TECHNOLOGY	LOGY Monocrystalline PERC
SIZE	2180 X 996 X 40 mm 2279 x 1134 x 35 mm
WARRANTY	12 years 1st year 2% and 0.55% annually to 84.8% in 25 years
EFFICIENCY	21.30%
TEMPERATURE COEFFICIENT	-0.35%/C

# 7 BENEFITS OF USING SOLAR ENERGY

*Switch to SOLAR  
for a Brighter Tomorrow*

Impact on the Environment

Reduce Your Energy Bill

Energy Production Matches the Time Frame of Higher Demand

Solar Energy is Aplicable Everywhere

Less Electricity Lost During Long-Distance Transport

Improves Grid Security

Job Creation

[www.supergenlanka.com](http://www.supergenlanka.com)

- Additional Structure charges are not included in this price.
- Peak power generation is as per Standard Test Conditions according to the attached technical specification.
- Estimated monthly units is calculated according to the meteorology data collected from NASA and the site is considered to be free from shading
- Actual monthly generation may vary according to orientation of the panels and external factors such as cloud cover, sun azimuth etc.
- The offer is valid for 14 days only

### **PRODUCT WARRANTY**

- Solar Panels - 25 years on linear power output .
  - \* First 12 years performance rated out put of 90% and next 12 .5 years rated output for 80%
  - \* First year maximum power drop 2.5%.and 0.5%-0.7% Power drop per year
  - \* Maximum power drop after 25 years will be 20%
- Solar Panel -12 Year Manufacture Warranty
- On grid/Hybrid Inverter - 10 years,(off grid Inverter/Battery - 02 years) Hybrid Battery - 05 Years Manufacture Warranty
- 01 Year Balance system Warranty. (\*Warranty will be effective only once the full payment is received by us.)

### **PAYMENT TERMS**

- 50% payment on confirmation of order.
- Balance 50% payment on before Installation of the system.
  - \* Please consider that the project Installation will begin once 100% Payment has been received.
- Payments to be made by cheque in favour of **Super Gen Lanka** Engineering Service (Pvt) Ltd. Payee Only.
- Standard CEB/LECO CONNECTION charges to be borne by the customer

### **DELIVERY, INSTALLATION & COMMISSIONING**

- Delivery of equipment will be within two weeks from the date of confirmation and installation will commence immediately there after.  
(Certain delays may occur due to external factors)
- Commissioning of the system will require a maximum of 60 days from the date of confirmation subject to the payments made by you as mentioned above.
- Any additional materials supplied by the company to the site is sole property of the company and will be returned/collected from site upon completion of the installation.

### **OTHER CONDITIONS**

- ADSL connection for the Web Monitoring System has to be provided by the client.
- Brand of the Panel depends on the Availability of panels.
- Standard CEB/LECO CLEARANCE charges are included.(Initial Payment)
- Changes in Government Taxes (Including changes in VAT or any other related Government Taxes) at the point of final invoice will have to be born by the customer.
- Please note that our prices are based on the ongoing central bank rate between the Sri Lankan Rupee and the US dollar. Any fluctuations in the exchange rate beyond a certain threshold will be the customer's responsibility during the clearing process. In such instances, we reserve theright to adjust our prices accordingly

Yours faithfully,

**Super Gen Lanka**  
Engineering Service (Pvt) Ltd.

We trust the above meets with your requirement and await your valued confirmation.  
Should you require any further clarification please do not hesitate to contact us.
